## General Manager Review

(Chuck Halt) 659-3050

A large crowd attended the Blessing of the Fleet and grand opening of the new marina on May First. The marina is totally functional but several more things are necessary to complete the project. When this goes to press the new marina office that looks like a lighthouse should be complete and both gas and diesel fuel should be available. Additional landscaping remains as well as a new ramp to the C through H docks. Parking lot lights are on order. Soon after they are installed we'll start on stabilizing and paving the parking lot. Two additional canoe racks are being installed as an Eagle Scout Project. Slips are still available and information is available at the new marina office and business office. The Board of Directors recently approved a new Yacht Club Lease. The Beautification Committee and Roads and Grounds Crew augmented by members of the community did a major cleanup all along Washington Drive from Route #1 to the entry gate. Seventeen truck loads of brush and debris were removed. Several more volunteer clean up days are planned. Watch the front board and web site for dates. Additional volunteers are most welcome. With the opening of Government Island outside visitors were occasionally wandering into the community visiting Lions Park, the stables and even using the dog park. Stafford County has now installed a gate on the bridge into the community and put up a large no trespassing sign. We will enforce trespassing. We now have a permit in hand to stabilize the bank at Lions Park where the concrete barriers have been placed. We have excellent prospects for getting a grant to do the work. All the documentation has been submitted and we are just waiting. The back flush holding tank is complete and in use at the Harbour Inn pool. Recently we had the tennis court at Rudolph Park striped to also accommodate pickle ball. I had never heard of it until I was besieged by Harbour players.

The board of Directors has established a special committee to look at all the options for a new business office and police station. Current construction estimates are much more than initially estimated. Everything is on the table from rebuilding on the current sites to moving to an open lot to taking over a foreclosed home. A consolidated building on the current business office site is also a consideration.

Happy Spring! It's time to talk warm weather issues!

### On the Water

Summer is right around the corner and with the season comes fun on the water! We have a gorgeous new marina and several more boat slips available so now more than ever, safety and common sense need to be the order of the day

**RESPECT** the No Wake Zone----- Bring your boat registration up to date ----- Check your running lights ----- following all posted signs ----- be courteous --- - use your life vests ---- designate a DD when alcohol is in use --- and don't forget that plug before you try to float that boat!

**JET SKIS** – Effective 2011 any person under the age of 50 is required to complete a safety course before operating a personal watercraft and persons under the age of 20 before operating a motorboat.

**SAFETY COURSE** - If you have not taken a boat safety course we strongly advise that you do so - no matter your age or experience. The course educates you on safety as well as legal requirements for operation. Requirements regarding safety courses can be found in VA Code 29.1-735.2 (put this code section into Google and it pops right up). The Boater's Safety Course is offer by the Aquia Harbour Power Squadron and they will also conduct a free vessel safety inspection on your boat at your request; please contact Mr. Kurt Johnson (540) 659-4811 for information.

### On the Road

**WALK AGAINST** traffic – **RIDE WITH** traffic. Walkers are reminded that pedestrians do NOT have the right of way – the road is for cars, so sayeth the Va. General Assembly. You are encouraged to walk and bike the many paved paths we have here in the Harbour, but if you decide to take your chances on our narrow roads please watch for and yield to vehicles; use the shoulders where you can, wear bright colored or reflective clothing and make sure that you walk **AGAINST** and ride **WITH** traffic. That being said, drivers are of course asked and expected to be safe and courteous when dealing with pedestrians and bike riders since we have no sidewalks.

**CAR STEREOS** – Turn down your car stereos when inside the Harbour. It sounds a little different in here than it does out on the interstate and it could result in a costly fine \$\$\$\$ so please be considerate of your neighbors who might not share your taste in music.

Your cooperation as always is appreciated. We hope to see you soon at the parks and pools!

## Aquia Harbour Preschool

(Bonnie Chapman)

The sunshine and long days mean summertime is definitely here. We meet this enjoyable season with gladness and a touch of nostalgia.

**AQUIA HARBOUR PRESCHOOL**

On Wednesday May 25<sup>th</sup> our 4 year old classes graduated with all the pomp and circumstance possible for people under 4 feet tall. Somewhere between “You’re a Grand Old Flag” and the cake cutting, parents cheered on these cute young scholars in their white robes. The pictures have been snapped, the cake has been consumed and we have brushed aside a tear or two.

One reason for our tender feelings is the leaving of our two remarkable teachers. Tracey Spero has been a mom, board member and finally teacher at AHPS for the last eight years. She has devoted her heart and work to hundreds of little people. Patty (Head) Hough worked with the founder of AHPS and has guided and nurtured many hundreds of kids for more than 25 years. Her kindness and sweetness appear unbounded. We express our great esteem and appreciation for the work of these lovely women. People small and now-not-so-small owe a piece of gladness in their hearts to their wonderful preschool teachers. Tracy and Patty, may your next adventures be full of satisfaction and happiness.

If your family would like to send a note to these teachers please visit our site at <http://ahpsthanks.blogspot.com/> We know many families have been touched by their efforts.

For those new to the area. We still have a few openings in next year’s classes. Allow us to introduce our new teachers: Amy Lieberman and Sarah DeYoung. Both are credentialed teachers with extensive education and experience. They know and love our preschool. We know they will build upon the foundations that make AHPS a wonderful place. To receive more information visit:

<http://aquiaharbourpreschool.org/>

To enroll a child in the preschool call and leave a message at (540) 659-5771. Our new Vice President will get back to you.

### **2011-2012 Board**

Our recently elected board of directors is all primed for a great new year. As of June 1<sup>st</sup> they hold the reins to the preschool.

- President: Krista Allphin
- Vice President: Amy Viccari
- Committee Director: Ashleigh Copeland
- Treasurer: Lora Boyce
- Secretary: Melissa Hamilton

Best of luck ladies!

### **Thank you!**

Our annual Aquia Harbour Fun Run was a terrific day. A special thank you goes to the Aquia Harbour Police and their volunteers for directing traffic and placing cones. The Fire and Rescue crew were so kind to show the shiny truck to the tiny people. The **Rainey** family headed up a great group of volunteers to make the whole Fun Run an enjoyable, successful day.

We would like to thank the following people for all their help with our school this past year: the ladies in the business office for all your help and for sending referrals our way; **Katherine Shaw** for her terrific support, to **Ray Parsons** for maintaining our school, to the **women's club** for their Adopt-A-Classroom donation. Finally, to all our wonderful parents, and grandparents who have made this year such an excellent experience, we appreciate you!

To all of you, we wish you a respite from the humidity, smooth sailing and a truly enjoyable summer.

### **Magnificent Mayfest**

Each year, the Rappahannock Area Community Services Board (RACSB) hosts Mayfest, a festival which serves as a fundraiser to benefit the Rappahannock Adult Activities Center (RAAI) that assists individuals with cognitive disabilities. The RAAI seeks to build important social and recreational skills for special-needs adults through community-based activities throughout the year. Mayfest is a day of celebration for RAAI participants and their families and members of the community who support them. Also on hand for the day, to assist with parking in the field and crowd management, are the Fredericksburg, Stafford, and Spotsylvania Police Departments.

We couldn't have asked for a prettier day weatherwise this year; it was in the mid-60's, bright, and sunny with a gentle breeze blowing, and there were billowing cottonball cumulus clouds dotting blue skies. Hundreds of participants came and went throughout the day as they perused and shopped at tables set up for a silent auction, for baskets to be raffled, baked goods to be savored, and yard sale items to buy. In addition, there was a wide variety of annuals (including vegetable plants), perennials, and herbs for the plant sale, their biggest attraction and best fundraiser each year. The RACSB begins working in January to seed many of these plants; they were very healthy and hardy, and very few were left at the end of the day.

Inside the RACSB building, coordinators and volunteers from morning until afternoon made sausage biscuits, pigs in the blanket, hot dogs, and BBQ, delectable items for your hungering palate, to be washed down by fresh coffee, sodas, and water.

Outside in the parking lot, musical entertainment was provided by various groups and bands including Emily Barker & Company, Rappahannock Area Kids on the Block, Amy Robbins' (with her acoustical guitars), the Sounds of Silence, Bob Williams, Donnie Stevens and First Class Country. In addition, the presentation of the flags was provided by the Stafford Sheriff's Star Force Cadets. The music ranged from rap to country to contemporary bluegrass with tunes by Alison Krause, Hank Williams, Frank Sinatra, and Elvis, among others. Many special needs adults danced delightedly to the rhythm of each band.

For the children, a clown mime with blue, pink and yellow hair, oversized blue sunglasses, and colorful, baggy pants with a large checked pattern, roamed the grounds handing out pink roses, bringing smiles to young and old alike. In addition, they could participate in the Moon Bounce, a beanbag throw, a bubble-gum blowing contest, sack races, and face painting. In addition, the Spotsylvania Police Department drove a train of 12 barrel cars pulled by a tractor for kids 12 and under, making a zig-zag trail around the parking lot, to the utter glee of all the children.

The Aquia Evening Lions manned the Lions District 24A Sight and Hearing Van and administered 45 eye and hearing screenings with 11 referrals. It was a great day to enjoy the Mayfest activities and to make new friends as we manned the van.

## Women's Club

(Deb Johnson)

The May 10 AHWC meeting was held at the home of Teresa Smith. Food and beverages were enjoyed by everyone. President, Dolena Sinclair, called the meeting to order at 8:30 PM. May Birthday greetings were extended to Lisa Nelson, Dolena, Missy Hadinger and Maya Guy. Dolena's fiftieth birthday was on the day of the meeting, so we sang Happy Birthday to her and presented her with flowers and a card from the Club.

Vice President Teresa Smith and Trisha Engelman presented the plans for the June dinner meeting. Trisha will be opening the Roadhaus Eatery on May 18 so our June 14 dinner meeting will be there at 7:15 PM. The address is 3925 Jefferson Davis Hwy.

Old business discussed was the Easter Egg Hunt, a thank you note from Headstart for the coats donated to them from the coat drive and a thank you from Joy Jones for the Outback gift certificate after her surgery.

On behalf of the Nominating Committee, Jennifer Turpin presented the slate of officers: Dolena Sinclair President, Jennifer Turpin Vice President, Dawn Teague Treasurer, Melissa Dileo Secretary, Maggie Bacheller Historian, and Deb Johnson Membership. Installation of officers will be at the June dinner meeting.

The AHWC is still selling ads for the Aquia Harbour phone directory. If you are interested please contact the Club at [AHWC2011@gmail.com](mailto:AHWC2011@gmail.com).

Melissa Dileo has the signboard for June. If you have a community service event to put on it in June contact Melissa at [mfdileo@gmail.com](mailto:mfdileo@gmail.com).

The AHWC board is seeking suggestions for program activities for next year.

The meeting was adjourned at 9:20 PM. The members then enjoyed cake and socializing.

Happy Father's Day to all of our Aquia Harbour Dads!

## Beautification

(A.H. Gardener)

Spring has sprung and summer is right around the corner. The Beautification Committee has been busy freshening up Aquia Harbour landscaping and grounds before the hot summer months arrive. As of this writing, we are looking forward to our Community Clean-up Day on May 14<sup>th</sup>. We already have a number of volunteers and are hopeful for a good turnout.

And if you can't help with this project, we also have a number of areas we are hoping to freshen up with some daylilies. If you are splitting or discarding any daylilies, please call the AHPOA office. We won't dig them up for you, but would be happy to take them off your hands and relocate them to one of our common property areas.

Speaking of freshening up, Spring is also a good time to do a home maintenance check.

The Institute for Business & Home Safety (IBHS) recommends an annual maintenance check to help avoid problem areas when a storm

This is the Official communication of the Aquia Harbour Home Owners Association, compiled and distributed by the Communications Committee for the residents of Aquia Harbour. Please contact Communications Committee member Wendy Desmond at [wendyaj@msn.com](mailto:wendyaj@msn.com) to make organizational submissions to this publication.

comes along. Some of the steps recommended by the IBHS include:

- Make sure gutters are clean and stable.
- Make sure downspouts are sloping away from the house and foundation walls.
- Examine your roof carefully, looking for worn or missing shingles.

And while you are focusing on home maintenance, be sure to take a good look at the front of your house for other maintenance needs. Looking from the street towards your house, what do you see? Is your mailbox standing straight and in good condition? Is there brush and debris that is clearly visible and needs to be removed? Would you still want to buy this house? Our Restrictions and Covenants require lots be kept tidy and free of rubbish or debris, and this is where we can all play a part. Regardless of whether you are planning to sell, proper maintenance and upkeep of both common and homeowner properties affects all of our property values. Aquia Harbour has a Legal Compliance Committee that considers these types of issues so please be sure to call the office if you have a concern.

And speaking of concerns, the gardening tip for this month focuses on a nuisance you may encounter in the garden—yellow jackets or ground bees. These tiny insects pack quite a punch and the effect from each sting can be cumulative. A second sting can lead to weakness and respiratory issues, so get to the emergency room right away if you experience such symptoms. Once you identify their home or hole in the ground, the proper way to kill them is not by pouring gasoline or another toxic substance down their hole. You can purchase Wasp or Hornet Killer at any garden supply center, and should wait until dusk when all of the bees have returned home to spray the product into their hole. If you see them again, just try it again to take care of the problem.

With that said, happy gardening everyone!
